Portuguese	*Native*
English	*Advanced*

Education

- **Software Engineering**   *2018 - 2023, Brasília, DF*
  Catholic University of Brasília

Experience

Android Engineer   *2021 - Ongoing*

Personal projects, Brasília, DF

- Building and publishing apps in Android App stores.
- Always searching for learn new technologies to introduce in my Apps.

Calculator
Even though the slogan is "**a simple and beautiful calculator**", **it is simple** in the sense that it is **intuitive to the user's usability**, and **beautiful** because the **UI** is **well thought out** and **follows Material guidelines**.

- **Some skills used in this project:**
  Kotlin, Room, Live Data, Coroutines, View/databinding, Espresso, Material, POO, MVVM, Clean Architecture, Git and Github.

Front-End Developer   *2019 - 2021*

Freelance, Brasília, DF

- I have developed several projects, such as landing pages, promotional product showcases, and improvements to existing products.

  I used technologies like: Javascript, HTML, CSS, React, Typescript, Bootstrap, SASS and styled-components.

Volunteer experience

Class Monitor, Logic/Structured Programming   *2019-2020, 1 year*

Catholic University of Brasília

I worked as a monitor of the Programming Logic and Structured Programming discipline during the second semester of 2019 and the first semester of 2020.

Exhibitor, MCTI   *2019-2019, 1 month*

Ministry of Science, Technology and Innovation

I participated in the National Science and Technology Week 2019, as an Exhibitor representing the Catholic University of Brasília.

Event held from 21 to 27 October 2019.
